

## Bartons Primary School Vision Statement

Bartons Primary School will be recognised for its success in establishing good and effective learning achievement and opportunities for all.

### Ethos

At Bartons, we pride ourselves on being a happy and family school where learning and growing potentials is at the heart of everything that we do. Relationships between the children and adults are strong where every child is known well by the dedicated staff and we embrace team working with the whole of our school community. We want our children to be happy and confident and we work hard to provide a safe, fun and caring environment.

Every child is special to us and we work closely in partnership with parents to build on each child's individual skills and talents in order that they develop a love of learning and enjoy school. We strive to develop the whole child and we believe that our inclusive and creative curriculum will stimulate and motivate young curious minds. We will always strive to be outstanding in everything we do.

We promote British Values and our Core Learning Values and Skills underpin all aspects of learning. These are embedded into our curriculum and are promoted through our School Council, School Assemblies, Growth Mindset work and our collaborative learning approach 'Working With Others' activities.

Our Core Learning Values and Skills are:

The Governing Body sets the strategic direction of the school and has high expectations for the staff and the education and opportunities offered for every child. Parents and Carers share the school's vision and ambition for their children's education and make a wide ranging contribution to the life of the school. We promote positive, open communication between parents, carers and every member of the school staff.

All the staff work to create challenging and engaging lessons and a positive learning environment for the benefit of every child. We aim to provide an education that we would want for our own child.
