DREAM | BELIEVE | ACHIEVE

This week, has been full of exciting activities and learning. On Monday, we started the week with science day and there were lots of scientific experiments happening across the school. Anti-bullying week has been in full swing and the children have learnt the skills in how to be a good friend and how to recognise when someone isn't. Also this week, the Fire Service came to talk to Years R, 2 and 5 about fire safety. But not just that, the dentist service also came in to visit Years R, 1 and 2 and talk to them about how to clean your teeth and good oral hygiene. The children have loved all of these activities and they have learnt additional valuable skills which are for life. 

Flu Vaccine

The date of the Flu Vaccine offered to primary school aged children in school is Monday 28th November. Please make sure you have completed the forms on ParentMail by the deadline of 11am on Tuesday 22nd November. After this time, they will not be able to have it.

Fireside Nativity Production (Years 1, 2 and 3)

As set out on the school calendar of dates, we are pleased to say that in just three weeks time, the children in Beech, Chestnut and Hazel class will present the Christmas production of A Fireside Nativity. We are very excited because we haven't been able to do a Christmas live performance for three years!

More details will follow soon about **how** and **when** you can buy tickets. The performance date is Tuesday 6th December with shows at 2pm and 6pm. All of the children will need to come back to school for the evening performance. Please be supportive and sensitive that the show is not suitable for babies and very young children because if they make noise, they distract the children on stage. Instead, there is an opportunity to bring them to the dress rehearsal so that families with young children can see the show. The staff and children are working so hard on this that we want to make it perfect for everyone.
