Tuesday 29th March 2022

Dear Parents/Carers,

Please could I remind all parents and carers who bring their children to school and who pick up at the end of the day, that pupils and siblings, who maybe younger than school age, must NOT ride their scooters and bikes on the school premises.

This has always been the rule at Bartons but despite speaking to the children weekly in assembly about this and requesting that parents supervise their children in newsletters, parents and carers are still allowing children (school age and younger siblings) to do this. As I have said before, riding scooters and bikes in crowded areas could result in an accident. Drop off and pick up times are busy so please respect our wishes and our safety rules. The walk to the exit gate is not a long distance and so once you reach the gate, the children can resume their riding.

Staff will be monitoring this situation daily and if your child is asked to get off their bike or scooter then please be supportive of this. This week, some members of staff have been spoken to rudely by parents after being asked politely for the children to dismount the scooter.

Thank you for your support.

Yours sincerely,

(Mrs Kate Powell)

Headteacher
